

Nursing Information Sessions for 2021 Admission

Attendance at one session is required by all applicants (PN, ADN, LPN-ADN transition, & Paramedic-ADN), including those who have attended sessions in previous years. The remaining sessions for Fall 2021 admission will be virtual. The following steps must be followed accordingly to receive credit for attendance.

1. Register for the information session by contacting your advisor. It is preferred that you use your HCC email address to register. You must register a minimum of 24 hours in advance.
2. Your advisor will provide you with a private link on the day of the information session that is only accessible through the email address you used to register.
3. Once your advisor verifies your attendance, you will receive an electronic Health Sciences Application. You can return that in person, via email to your advisor, or via fax.
4. Once you attend the information session, you will be able to take the HESI A2 exam.

Application Deadlines:

- Advanced Placement (LPN to ADN and Paramedic to ADN) is due on **February 1, 2021**
 - Courses begin in Summer 2021
- Associate Degree Nursing and Practical Nursing is due on **March 26, 2021**
 - Courses begin in Fall 2021
