

Nursing Information Sessions for 2022 Admission

Attendance at one session is required by all applicants (PN, ADN, LPN-ADN transition, & Paramedic-ADN), including those who have attended sessions in previous years. **All sessions for Fall 2022 admission will be virtual and will require pre-registration with a nursing faculty advisor.**

The following steps must be followed accordingly to receive credit for attendance.

1. Register for the information session by contacting your advisor. It is preferred that you use your HCC email address to register. You must register a minimum of 24 hours in advance.
2. Your advisor will provide you with a private link on the day of the information session that is only accessible through the email address you used to register. The link will be available for 12 hours.
3. Once your advisor verifies your attendance, you will receive an electronic Health Sciences Application. You can return that in person, via email to your advisor, or via fax.
4. Remember, this is just one of several steps to apply for admission into the nursing program.

Application Deadlines:

- Advanced Placement (LPN to ADN and Paramedic to ADN) is due on **February 18, 2022**
 - all documents due by 4 pm
