Career Readiness Certificate (CRC)

Employers know that the costs of hiring, training, and retaining unskilled workers negatively affect their bottom line. In order to reduce the cost of remedial training and cost efficiency companies are:

- Going to pre-employment assessments to identify workplace basic skills
- Providing remedial training to potential and existing workers to reduce the skills gap that exists between those skills required on the job and those skills demonstrated.
- Realigning existing workers to other responsibilities and or positions that are reflective of their skill level.

The North Carolina Career Readiness Certificate (CRC) is a skilled credential that confirms to employers, employees, and job seekers that the individual:

- Has the basic workplace skill required for a job.
- Is trainable for specific jobs.
- Is fitting for job placement and advancement.

Individuals who successfully pass the Workkeys' Applied Mathematics, Reading for Information, and Locating Information assessments will receive a Career Readiness Certificate signed by the Governor of North Carolina.

For more information, call Larry Crisafulli at (252) 538-4339 or email crisafullil@halifaxcc.edu

HUMAN RESOURCES DEVELOPMENT (HRD)

The purpose of the Human Resources Development Program (HRD) is to educate and train individuals for success in the workplace. HRD classes offer interviewing skills, resume/application preparation, job search assistance, computers skills, soft skills and much more! You may qualify for classes at **NO COST TO YOU**, if you are unemployed, have received notification of a pending layoff, are working and eligible for the Federal Earned Income Tax Credit (FEITC) or are working and earning wages at or below 200% of the federal poverty guidelines.

For more information, contact Tiffany Hale, HRD Coordinator at (252) 536-6342.
