THERAPEUTIC & DIAGNOSTIC SERVICES (NURSING ASSISTANT)
CERTIFICATE
(C45970HS)**

The Nursing Assistant certificate curriculum prepares individuals to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages. Topics include growth and development, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management, family resources and services and employment skills. Upon completion, the student may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program.

The courses offered in the certificate can be applied to the credit diploma if the student chooses to continue his/her education. NAS 102 helps prepare students to qualify as a Nursing Assistant II.
